Intended Use and Safe for Human Consumption Statement

Product Description

PureAcacia Organic Coconut MCT Oil Powder is a spray-dried powder composed of organic medium chain triglycerides (MCT oil) derived from coconut and encapsulated with organic gum acacia. Silicon dioxide is used as a flow aid.

Intended Food Applications

PureAcacia Organic Coconut MCT Oil Powder is intended for use as a food ingredient in a variety of food and dietary supplement applications including, but not limited to:

- powdered beverage mixes
- nutritional beverages
- protein powders
- meal replacement products
- nutrition bars
- powdered coffee creamers
- other dry food or beverage applications

Safety for Human Consumption

All components of PureAcacia Organic Coconut MCT Oil Powder are widely used food ingredients and are considered safe for human consumption when used in accordance with good manufacturing practices.

Medium Chain Triglycerides (MCT oil) and gum acacia are both Generally Recognized As Safe (GRAS) for food use in the United States.

Maximum Use Level

P.A.T. Products, Inc. does not establish a specific maximum use level for this ingredient.

Appropriate use levels are determined by the finished product manufacturer based on:

- the formulation of the finished product
- the intended serving size
- applicable regulatory requirements

Restrictions of Use

No specific restrictions of use are known when the product is used in accordance with normal food manufacturing practices.
